EDUCATION

Lebanese International University (LIU), Saida
B.Sc. in Computer Science (3rd Year) — *Expected 2026*
Relevant Coursework: Data Structures (A)

TECHNICAL SKILLS

Languages: Java, Python, PHP, HTML/CSS, SQL
Tools: Spring Boot, Laravel, Git, PostgreSQL
Focus: Backend Development, REST APIs, Multithreading, Automation

PROJECTS

User Management API (Spring Boot + PostgreSQL)
CRUD REST API for user data. Clean layered structure with validation and PostgreSQL integration.

Multithreaded Data Generator (Java)
Used Java multithreading to create large datasets and compute max values efficiently.

Course Availability Notifier (Python) — ongoing
Alerts LIU students when course slots open. Cuts manual checking.

Price Tracker Script (Python)
Tracks product prices and sends alerts via desktop + email.

Portfolio Website (HTML/CSS/JS)
Personal portfolio to showcase work and improve visibility.
Live link

EXPERIENCE

Backend Intern — Bob Fleifel (Laravel) — Present
Working on Babiauto platform: APIs, user auth, and DB logic using Laravel.

Backend Mentorship — Java (Spring Boot) — Ongoing
Building real backend APIs. Focus on modular code and data persistence.

ADDITIONAL EXPERIENCE

- Active on LeetCode — improving DSA and coding speed.
- Past roles in sales cashier work — developed soft skills.
- Certified Personal Trainer — built discipline and consistency.

LANGUAGES

Arabic (Native), English (Fluent), Spanish (Basic)
